PROFESSIONAL SUMMARY

AWS Certified Cloud Practitioner and AWS re/Start Graduate with hands-on experience in AWS cloud services, Linux, and cloud infrastructure. Passionate about Cloud Computing, DevOps, and automation, seeking an AWS Cloud Engineer role to build scalable and secure cloud solutions.

PROJECTS

Monitoring & Alerting Platform using CloudWatch, SNS & Lambda

- Designed and implemented an AWS monitoring solution using Amazon CloudWatch, SNS, and AWS Lambda.
- Configured CloudWatch alarms to monitor EC2 health, CPU, memory, and disk utilization.
- Automated real-time email notifications through SNS and implemented Lambda-based remediation for critical alerts.
- Improved infrastructure monitoring, incident response, and operational reliability using AWS native services.

Production-Ready Three-Tier Web Application on AWS

- Designed and deployed a highly available three-tier web application using Amazon EC2, Application Load Balancer (ALB), Auto Scaling, Amazon RDS, and Amazon S3.
 - Configured secure networking with Amazon VPC, public/private subnets, route tables, NAT Gateway, Internet Gateway, and Security Groups.
 - Implemented CloudFront for fast content delivery and CloudWatch for monitoring and alerting.
 - Applied IAM least-privilege access, ensuring a scalable, secure, and fault-tolerant cloud architecture suitable for production environments.
-

CERTIFICATIONS

AWS Certified Cloud Practitioner (CLF-C02) — Amazon Web Services

2025 – 2028

Certified in AWS Cloud concepts, core services, security, pricing, and architecture.

AWS re/Start Graduate — Amazon Web Services

2025

Completed hands-on training in AWS Cloud, Linux, networking, security, and DevOps fundamentals.

Honour Degree in Cyber Security

2023–2025

EDUCATION

Bachelor of Engineering (Computer Science and Engineering) Excel Engineering College

CGPA: 8.0 / 10 (2021–2025)

SKILLS

Cloud: AWS EC2, S3, IAM, Lambda, RDS, CloudWatch, SNS, VPC, CloudFront

DevOps: Linux, Docker, Git, Terraform, Ansible, Kubernetes, Jenkins, Prometheus, Grafana

Languages: Python, MYSQL, HTML, CSS
